

# How to generate income at an early age?

## 01

### SELL WHAT YOU LIKE TO DO

If you like cooking, you can have a sale of biscuits, cupcakes, brownies, limber or lemonade. If you like to sew, you can make bandanas or cushions.

If you like animals, you can offer your services to walk pets or play with them. Frequently, people do not have the time.

### WALK YOUR NEIGHBORS' PETS

## 03

### DO ERRANDS

If you live in an area where there is a grocery store or pharmacy nearby, you can run errands and make small purchases for a neighbor who can't go or prefers not to go.

Washing cars is fun. You can invite your friends and split the profits.
